

June 2022

Moving into June the focus for school age children (5-10) will continue to be a curriculum I created based on the movie Moana. We will explore Moana's journey as she restores the heart of Te Fiti. Additionally, Teens (11-16) will move forward with a curriculum based on the first 3 movies of Star Wars. We are exploring the last of the first 3 movies, Return of the Jedi. There will be videos, lessons, and activities posted for your family to enjoy.

Our virtual classroom continues! I truly enjoy adding new elements and links to our site each week. Please go to the Unity of Olympia website to check out what is new. The lessons are now split into a Unity Kids Page and a Uniteens & Y.O.U. Page. The weekly lessons will continue throughout June in the format of weekly virtual classroom experiences where children and teens can click on what interests them and make the lesson more of a game. Please see the website for more details.

Our YFM June Lessons:
